Pre-University Course (PUC)

Athani, India

Completed: 2020

JE English Medium School

Secondary School Leaving Certificate (SSLC)

Athani, India

Completed: 2018

SKILLS

Programming Languages: Basic C, Basic Python, Basic Embedded C

Tools & Technologies: Microsoft Office, Arduino IDE, Basic MATLAB

Specializations: Basic Power Electronics, Basic Electrical Circuit Protection, Analog Electronics, Good Communication

INTERNSHIP

Embedded Systems, IoT & Robotics

Belgaum Uila Tech

June 2024 – Present

Belagavi, India

- Developed and implemented IoT and robotics systems using embedded technology.

PROJECTS

Automatic Street Light using LDR

- Developed a working model to automate street lighting using LDR sensors.

Completed: 2023

Smart Dustbin

- Created a smart dustbin using Arduino, ultrasonic sensors, and servo motors.

Completed: 2023

Smart Traffic System

- Developed a working model using Arduino Mega to manage traffic signals.

Completed: 2023

CERTIFICATIONS

- Electric Vehicle Technology
- Embedded Systems, IoT, and Robotics
- C Programming
